DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 3, 5-6, 9-10, 14, 16-17, 19-22 are rejected under 35 U.S.C. 102(b) as being anticipated by Hutton.

Regarding claim 1, Hutton discloses on figure 7 a color wheel apparatus comprising a color filter portion 220 in which color filters for selectively transmitting red, green and blue colors are formed on a circular plate (readable on figure 7) in a spiral shape with respect to a rotation axis of the circular plate (col. 13, lines 50-58); and a driving portion 203 for rotating the circular plate.

Regarding claim 3, Hutton discloses on figure 7 a reflective plate 215 for reflecting a light reflected from an incident light to the color filter portion into the color filter portion again.

Regarding claims 5-6, 9-10, 14, 16-17, 19-22, Hutton discloses on figure 7 all the structures set forth in the claimed invention.

Allowable Subject Matter

Claims 4, 7, 8, 11, 12, 15, 18 and 23 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

Applicant's arguments with respect to claims 1,3-12,14-23 have been considered but are moot in view of the new ground(s) of rejection.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
